"God grants liberty only to those who love it, and are ready to guard and defend it."—Daniel Webster

Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

This paper gives you complete coverage of all local happenings. If you want to read about your friends, your neighbors, and your town, read The Nugget.

Vol. 20, No. 80 | The County Seat Paper | NEVADA CITY, CALIFORNIA | The Gold Center | THURSDAY, OCTOBER 10, 1946

BROAD STREET

By Harley M. Leete, Jr.

As time passes, more and more people will forget the interesting old characters who contributed to the quaintness of the town. Doctor Swazey, who died some years ago, was a most colorful resident. All this writer knows about him is hearsay, but pretty interesting hearsay, and it can't do any harm now.

Swazey, the story goes, came to this country from England. He had plenty o money, talent, the gift of making friends, looks, a splendid education and a fine physique.

In his old age, he used to walk around town dressed very formally in the tired and tattered finery that once must have made him one of the best dressed men in the state. He had lots of suits, and most of them were thirty or forty years old, judging by the cut. Even when Fortune had completely deserted him he had an erect bearing and imperious gaze. One never would have mistaken him for a peon. There, strangers said to themselves, was someone who had been SOMEONE.

What was the secret of Swazey's strange carreer? The obvious answers are too obvious. What flaw was it, that caused this human being to throw away so brilliant a start in life? It is as if a man had in his hand all the things that most men want and deliberately traded them for something dreadfully inferior, so that rather than envy, he drew pity.

The OLD POWELL HOUSE, on the corner of Spring and Pine Streets, is one of the town's most intriguing structures. It was built, AS A CHURCH, in the 1860's. E. T. R. Powell converted it to a residence in 1898. E. T. R. Powell was the father of Eddy Powell, well known local businessman.

Emma Nevada made her debut as a songstress in that residence. The six by six redwood beams in the house are hand-hewn and fastened together with pegs, not nails. Down in the basement, the original gothic church windows are still being used.

Elsewhere in this issue is a story announcing that Robert Paine of this city has become a member of the staff of the NEVADA CITY NUGGET. The Nugget is VERY, VERY FORTUNATE in having Bob accept this position, and looks forward to a long, pleasant and profitable association.

The brisk FALL WEATHER is a delightful change. Summer was wonderful, but ONE OF THE ONE HUNDRED REASONS we like Nevada City is the bright and beautiful changes of climate.

One of the EARLIEST maples to turn from green to the brilliance of fall coloring, is the slender, graceful maple in R. J. Bennett's yard. When all the maples turn, and the poplars begin to go pure gold, Nevada City will be a PAINTER'S PARADISE.

MAX SOLARO SEEKS LETTERS OF ADMINISTRATION

Max Solaro, chief of police, yesterday filed a petition for letters of administration in the estate of his late brother, Melio Solaro, who met an accidental death on September 15th.

The value of estate is given as less than $6000 and consists of real estate, cash and trust certificates. Two heirs are named, Emil 10. and Theresa 11, the children of Melio Solaro.

The decedent was riding horseback with a party and was either thrown or fell while mounting his horse, under the wheels of a passing truck.

Hugh Brown Named Head of County Employer's Council

Hugh D. Brown of Grass Valley was named temporary chairman of the newly-formed Nevada County Employer's Council at the initial meeting of that organization Monday night at 8 p. m. at the Veteran's Memorial Building in Grass Valley.

Other officers elected at that meeting were Robert Jefford of Grass Valley, vice chairman, Harley M. Leete, Jr. of Nevada City, secretary-treasurer and six members appointed to the board of directors: Brooks Hartman, Thomas Glisan, Jess Taylor, all of Grass Valley, Downey C. Clinch, who operates businesses in both towns and Richard Worth of Nevada City.

Members of the council voted almost unanimously to organize a local association and join the California Council of Employers. Purpose of the organization is to make it possible for employers to bargain collectively with labor unions.

The meeting, which approximately 100 employers attended, was opened by Hugh D. Brown, who introduced Art B. Innis, City Councilman of Nevada City. Third speaker was Wayne Leitzel, employee of the California Council of Employers, who spoke on the state wide organization and its work in carious communities.

A prime topic of discussion was the labor dispute involving the Valley Grill and a culinary workers union.

Among those who spoke on the advantages of forming an Employer's Council were Stuart Chalmers, O. P. Steele, Frank Hooper, Charles W. Veale, William Durbrow, Dr. H. N. March, Thomas Glisan, Jess Taylor, Brooks Hartman, Jerry Brust, Harold Biggs, Harold Hartung, Mrs. H. F. Kechley and Charles Crete.

A meeting of the officers and board of fidectors followed the general meeting.

FBI WEAPONS SCHOOL AT PASCOE RANCH

With instructors from the San Francisco Division, Federal Bureau of Investigation, a fire arms school is being conducted at the range on the Pascoe Ranch, McCourtney Road a mile west of Grass Valley.

Peace officers from the sheriff's office, the Grass Valley and Nevada City police departments, the California Highway Patrol, and from the Tahoe national forest staff are taking the course. Practice in the use of revolvers, shotguns, rifles and submachine guns, both in firing and caring for these weapons is demonstrated.

FBI instructors are Eugene Minoux and Eugene Jones. Trey called attention to the fact that since January 1st, 12 peace officers have been killed in California. The fire arms school is intended to increase the efficiency of peace officers in the use of their weapons.

Representing the sheriff's office in the school is George DeSoto, William French, law enforcement officer for Tahoe national forest and Capt. Joseph Blake of the California Highway Patrol are participating.

FARM MARKET BOARD TO MEET

Directors and farmers selling throuugh the Nevada County Farm Market Association will meet tomorrow evening in Episcopal Parish Hall for the purpose of electing officers. The problem of serving the market with adequate farm commodities will be discussed.

Nugget Biographies

HARRY FERDINAND SOFGE began life on April 18, 1782 in LaFayette, Indiana. At the advanced age of 9 years old, Sofge became a precocious printer, an early day printer's devil.

At 16, he joined the International Typographical Union, an association whcih he has continued from 1888 to the present day, with a brief lapse while he followed railroading. In his work as a journeyman pritner, Sofge traveled all over the United States. In his youth he considered it bad policy to work more than one year in one job, but when he settled down, he really settled, spending 25 consecutive years with the State Department of printing at Sacramento as a linotype machinist.

Sofge, on a happy day about 40 years ago, married Rose M. Peterson of Kerney, Nebraska. He has three children, Richard J. Sofge of Richmond, Harold F. Sofge, who lives with his father and mother, and Mrs. Alvah J. Fleming of Sacramento.

When Sofge retired from active printing in 1933, he built a home in Willow Valley. With three other printers, he invested about $15,000 in Willow Valley, and was instrumental in bringing gas and electricity to that section of the community.

Elected Secretary of the Chamber of Commerce in March 1939, he has served in that capacity ever since. Through his energetic efforts, membership in the Chamber has increased from 65 to 160.

Sofge is a Deputy Sheriff, Grand Recorder of E. Clampus Vitas, Secretary of the Nevada County Peace Officers Association, Secretary of the Nevada County Sheriff's Posse, a member of the Highway Committee and the Recreation and Travel Committee of the California State Chamber of Commerce. He is a member of the Brotherly Protective Order of Elks and the Frateranl Order of Eagles.

His hobby is fishing, and mother

trout warn their young ones with the word that if they don't eat their earthworms, Sofge will get them.

On the future of Nevada County, Sofge forsees slow but steady growth: "People," he says, "come to our community because it represents a pleasant escape from the fog and congestion of the Bay area. I receive letters every day requesting information from people who want information about living conditions here."

The Ferdinand is in Sofge's name because he was named after the King of Spain.

Clifford Nichols On Bicycle Hits Car

Clifford Nichols, 14, was injured yesterday afternoon when the bicycle he was riding down Pine Street collided with a two door sedan coming out of Clark Street. Chuck Moore, 17 who was riding on the back of Nichols bicycle, suffered minor bruises, while Nichols was severely cut on the side and face.

Nichols was attended by Dr. Bernard W. Hummelt.

SEN. KNOWLAND DENOUNCES OPA

C. Raymond Clinch, Nevada County campaign manager for Senator William F. Knowland, this morning received an important telegram from Knowland's San Francisco campaign office, detailing his stand on the OPA. The telegram was in response to an inquiry by Clinch prompted by many requests he had received desiring to know the senator's stand on the OPA.

The telegram follows:

U. S. Senator William F. Knowland alleged yesterday that President Truman's insistence on OPA meat controls indicate that the president feels committed to the fetish of the PAC—"regimenation for regimentation's sake". Knowland charged that the Political Action Committee and the Communists, his most vociferous opponents, are insisting on price control.

Despite the universal demand for relief of the meat famine followers of this party line, which advocates rigid economic controls, refused to face the facts realistically, the Senator declared. They attempt to blame the shortages of meat and the lack of housing on everything but the major causes of the condition, unrealistic price ceilings. He asserted that the right of free collective bargaining between labor and management cannot survive in a controlled economy and added that when the 80th congress meet on January 3, it must be decided which road we will follow.

Knowland vigorously advocates the termination of OPA controls over consumer and durable goods and agricultural producets. He is expected to cover OPA in his next radio address.

Signed: ERIC CULLENWARD, Northern California Campaign Manager.

ORRIN PERRIN OF FOREST SPRINGS DIES AT 84

Orrin Perrin, rancher of Forest Springs, west of this city, died last night in Jones Hospital. He was born in Forest Springs 84 years ago and had spent practically his entire life in stock raising and general farming.

Funeral services are pending in the Hooper and Weaver Mortuary. Surviving are his sons Ray Perrin and Louis Perrin of Forest Springs and his daughter Mrs. Lucille Bennallack of Grass Valley. There are six grandchildren and two great grandchildren.

WILD BILL EBAUGH DRAFT CARD FOUND

The Selective Service headquarters are in receeipt of the registration certificate of the late Bill Ebaugh, killed two years ago while resisting arrest on a charge of murder. The certificate was found, along withother Ebaugh belongings in a hand sachel in the woods by Adam E. Berry of Biggs, Colusa County and a party of deer hunters on October 1st.

Ebaugh registered, according to the card now in possession of Dorothy L. Salisbury, clerk of the board, on October 16, 1940. He was rejected at the induction center as "militarily unsuitable."

A letter written Berry to Selective Service headquarters here recites that while deer hunting about 15 miles east of this city, Berry and his party found in the woods, a satchel along with shirts, coat and pants, along the registration certificate, bearing the injunction at the bottom: Keep this Card with You at All Times.

Berry's letter concludes: "And now I am sending them to you. They may help in finding some one of interest to some mother. The handbag and clothing were in very bad condition."

DOCTORS WARN OF URGENT NEED HERE FOR NEW HOSPITAL

The general hospital situation in Nevada County is inadequate to meet minimum requirements as set down by California law according to Dr. P. K. Gilman, chief of the Bureau of Hospital Surveys and Dr. J. B. Askew, chief of Hospital Inspections in a report made at Wednesday's luncheon meeting of the Grass Valley Chamber of Commerce at the Bret Harte Inn.

Following an overflow meeting of interested twin city citizens, doctors and nurses, a committee consisting of Dr. Ballou, Dr. Lang, Dr. Hummelt, Dr. Padgett, Dr. March, Dr. Fry and Dr. Hummelt was formed to meet with directors of the Grass Valley Memorial Hospital Association, that controls the incompleted Jones-McBoycle hospital, in an effort to remedy the need for a greatly expanding population's hospital care.

Dr. Askew warned that the local hospitals were "substandard and must be improved" and suggested that a long range program be worked out for the health needs of this territory. All of California has been investigated as to its hospital facilities and the local findings were in line with surveys elsewhere. The chamber of commerce pldeged full co-operation in working with the State Board of Health in improving local conditions and at the end of the meeting requested a more intensive survey and report with suggestion to be made by state officials.

The verbal report made by the state doctors revealed that there are but 61 beds available in Nevada City and Grass Valley area to serve its estimated city and rural population of 19,000 people. In a question and answer period during the meeting one local hospital superintendent said their capacity was taxed to the limit, that they were only able to accept emergency hospitalization patients, and that confinement cases were permitted only 5 days. Even a slight epidemic would crowd hallways and would conlict with fire protection laws.

Emphasizing that the care of the ill is a community responsibility, too costly for private enterprise and urging the formation of a hospital district to be owned and operated by the tax payers or a non-profit hospital association be formed to be helped through federal and state funds was made by the visiting inspectors.

Hospital construction costs are astronomical according to Chief of Hospital Surveys. Dr. Kilman. $10,000 is the present per bed cost of a modern equipped hospital. The lowest per day charges permitting no profit in California hospitals is $11-12 per day. Based on an estimated 4.5 beds per thousand population the smallest possible hospital will cost in excess of $850,000.

The law provides or funds to be raised through taxation or a bond issue. Private non-profit organizations could secure government aid. Private financing was warned against by the state speaker due to ever increasing labor and maintenance costs.

Regardless of whether private or public interests take the initiative in promoting additional hospital space in Nevada County, the local situation as in many another community, will have to be improved under the terms of the Hospital Licensing Act of the state of California. The issue cannot be evaded.

BOB PAINE JOINS NUGGET STAFF

Bob Paine has joined the staff of the Nugget and will represent the Nugget in Grass Valley.

Well known in both communities, Paine was for many years General Freight and Passenger Agent for the Nevada County Narrow Gauge Railroad Company, being active during the Narrow Gauge's progressive transition to modern highway coach and truck transportation.

Paine served overseas with the Morale and Education Sections of the 15th Air Force in Italy. In Naples and Rome he was an editor of "The Liberaider" an Air Force newspaper published in Italian printing shops with native labor.

Fraternally Paine is a member of the Elks, Veterans of Foreign Wars, American Legion and Native Sons.

He recently resigned his position of Assistant Veteran's Employment Representative with the USES to accept his position with the Nugget.

COUNTY RACES FOR OFFICE ARE GROWING WARM

Although all but three of contests for county offices were decided at the primary election in June, the race for county judge, for sheriff and for constable of Nevada Township is arousing wide interest among the voters.

Due to the retirement of Judge George L. Jones, a lively contest has developed with Vernon Stoll, former district attorney, and James Snell, attorney with wide experience in San Benito and Nevada Counties, seeking the office of superior judge.

Sheriff Carl J. Tobiassen emerged from the primary contest with a slight lead over his chief opponent, Richard W. Hosking of Grass Valley, who narrowly missed election four years ago. Hoskins, a service station operator in Grass Valley, was formerly a noted Grass Valley ball player and for many years was employed by the Diamond Match Company. Sheriff Tobiassen has served three terms and seeks election to a fourth term. He is president of the California Sheriff's Association.

The third contest is for constable of Nevada Township. Jack T. Curry and Marcum Baker are the contenders.

Elected at the primary were District Attorney H. Ward Sheldon, County Clerk R. N. McCormack, County Treasurer Elma Hecker, County Assessor P. G. Scadden, County Superintendent of Schools Walter A. Carlson and County Recorder John E. Nettell. All these were uncontested except for district attorney in which Frank G. Finnegan lost by a narrow margin to Sheldon.

Two supervisors, Warren E. Odell of Bridgeport and Jerome C. Coughlan of Columbia Hill were reelected wtihout contest. Election of the other three will take place two years from now. Those holding office including the two re-elected are Cary Arbogast, Nevada City, Frank Rowe, chairman, Grass Valley and Henry G. Loehr, Truckee.

BPWC Meets Discuss Prop. 3

The Nevada City Business and Professional Women's Club held a forum meeting Wednesday night, Ostober 9, in the National Hotel. Proposition No. 3 on the November ballot, providing for increased teachers salaries was discussed.

Miss Mary Davies, president presided. Plans or the October dinner meeting were formulated. Mrs. Pat Jackson will have charge of the arrangements.

THE SIGNIFICANCE OF NUERNBERG

The end of the Nuernberg trials came as a relief to a world heartsick at the depravity of war criminals confirmed by the evidence. Criminal trials are never pleasant spectacles, save to those of morbid mind. Review of the revolting testimony probably was an ugly duty for members of the International Military Tribunal who weighed it, with judicial consideration for every right of the defendants, and passed sentence upon the cold-blooded coterie of evil.

The high significance of the trial doubtless gave the judges their sole personal satisfaction in the depressing ordeal. They knew they were bringing into a world dark with blood and crime a new Magna Charta—a new system of world justice for all peoples and races.

The barons at Runnymede established the principle that no man, under Anglo-Saxon law, could set himself above the reach of justice, for crimes against the people of England—not even the king himself. A tremendous departure from the "right" of tyranny of those days centuries agone! This principle, the heart of English common law, was strengthened and extended to protect the humblest and weakest members of our American society in the Bill of Rights of our Constitution.

It is an awesome realization that at Nuernberg this principle, hitherto confined to national justice, has been established as an immovable foundation stone international justice. To this exalted bar of justice the mute voices of the millions of war victims, the tortured and the murdered, brought their dreadfuf charge against the most ruthless conquerors of history's blackest pages—and justice was done.

No longer is any man in the world immune to trial and punishment for crimes against humanity. That is the noble significance—obliterating in magnificance the sordidness of the evidence—of Nuernberg.—Contributed.

SAN FRANCISCO, AGRICULTURAL MECCA

San Francisco has certainly had a busy summer, acting as host to great national groups.

First came the legion of medical men, members of the American Medical Association and allied bodies who held their conventions simultaneously in early July.

Next in line were the nobles of the Ancient Arabic Order Nobles of the Mystic Shrine whose tens of thousands of befezzed and be-bloomered members swarmed over the city, late in July.

The big city by the Golden Gate has just bowed out the American Legion, which chose as the site of its first post war national convention the city through whose sea portals so many passed during the days of war.

"Well," we can imagine the city saying, "we've done our best by all those. Now let's get ready for our farmer friends."

For during the next three months, San Francisco is going to be an agricultural Mecca. Next month, from November 15-24, the Grand National Livestock Exposition will hold forth in the famous Cow Palace, attracting thousands of farm people. At the same time, the California Wool Growers' Association will hold its annual convention.

December will bring the American Farm Bureau Federation and from all advance reports it will be one of the biggest assemblies of farm folk from all over the nation that even this great farm organization has ever seen.

Topping off the list, the National Wool Growers' Association will come to San Francisco in January.

The farmers have found out that San Francisco is their friend—in a big way.—Contributed.

Notice to Taxpayers

Taxes of the City of Nevada for the year 1946 are now due and payable. If not paid before 5 P. M. on Monday, October 14, 1946 a penalty of ten per cent will be added. Office hours: 8:00 A. M. to 5:00 P. M; 8:00 A. M. to 12:00 Noon on Saturdays.

THE ACCOMPLISHMENTS OF THE NEW DEAL

Mr. Roosevelt entered his reign as president in 1933 with the obscessed intention of chastising the economic royalists in whose shadow he was reared at Hyde Park. He was determined to get revenge for the slights and snubs, whether imagined or real, that were administered by his aristocrati neighbors, none of whom were ever guilty of dirtying their palms with manual labor.

After his second nomination he is reported to have said: "I have proven I am their equal, I will show them I am their master." Mr. Roosevelt himself left a legacy of almost two million dollars, much of it in stocks of our principal industrial concerns, a list of which has recently been published.

He got his millions, not by the sweat of his brow, but by inheritance, so he was rather a poor example to qualify or the role he assumed as standard bearer for the common proleterian.

He gathered about himself a host of leftists, communist minded fellow travelers and Harvard theorists who have to date been 100 per cent wrong in all their views, but proceeded to regiment everyone from the bootblack up. Their voluminous quiz output to business during this serious paper shortage takes a large part of the 500 tons used by the government every day.

The most blatant offspring of the New Deal is—or rather was—Little Pig Wallace, whose ball bearing tongue has finally caused the chief, even though he was reluctant to hurt the feelings of the prospective voters of the pink element, to turn off the spotlight after one of the most humiliating national episodes this country has ever experienced.

Yet you will find some people who are inclined to believe what Wallace has stated and to uphold his stand against our foreign policy, which is being ably handled by Byrnes. Just a little thinking however will show that Henry, as usual, is talking though his hat and that his dieas are as warped as some of his earlier insanities proved to be.

Wallace says, for instane, that continued preparation for defense and for war leads to war. His memory or his reasoning must be short indeed because our unpreparedness in 1941 literally caught us without our supenders and it was only by the grace of God that the fest coast was spared from annihilation.

He and his type of followers would appease Russia by making Stalin a present of the atomic bomb seret and show them how to use it. He would withdraw all opposition to the forcible control and communizing of China and what remains of Europe so that Stalin and his politboro could coerce and enslave some half a billion people to eventually overwhelm the democracies in another world war.

For future protection we were negotiating favorably with Iceland for an air base when Wallace in one of his effusions suggested that our acquisition of such a base would cause Russia to feel that we were committing an act of aggression toward her. Here again Wallace's thoughts were not for his own country's safety, but of Russia's feelings.

A man is known, they say, by the company he keeps. In that case Wallace's audience in Madison Square Garden was packed with pinks and communists. A communist has neither honor, nor princijle nor good sense, and no man can be both a good American and a communist.

Wallace says we have no more right to interfere in Russian affairs than they have to interfere in ours, but it seems they have been interfering in ours for much too long and one must indeed be blind not to realize that most of the strikes and turmoil in this country today are due to communists entrenched in government and in industrial unions.

Their doctrine is, and always has been, to create enough trouble if possible to bring on a revolution. If that isn't sedition we don't know what the word means. It would be unfortunate indeed if we had to have a war with Russia to eliminate it.

Stalin has said that communism and capitalism cannot exist together in the same world. Let us say "Amen" to that, and in agreement ourselves say that the world is too small for serdom and freedom to abide together.

It is a sad commentary that the so-called new deal has done more to sabotage the principles upon which this country was founded than in any former period of its existence. The radical element, aided and abetted by the cheap political setup is above governmetn itself while business is making a valiant effort to survive against what looks like almost impossible odds.

While the courts are loaded with suits against the railroads for alleged argreements in restraint of trade, labor, the greatest monopoly of all, and the most destructive, is allowed to tie the country into knots.

The new deal has brought and has fostered class hatred, pitting employee against employer to such an extent that anyone who has to have help is tagged as an enemy of labor and is fettered with rules and restrictions that are so one sided that they would hoble a rook.

Our piano playing president, trained in the notorious Kansas City Pendergast school of politics, doesn't know his own mind and the world at large wonders not only what our foreign policy is, if we have any, or why and how we manage to click.

We had some feeling of hope when Mr. Truman blew his top in a tornado of indignation against the railroad strike, which would have prostrated the country, but the blast quickly faded to a feeble pfft and apology when he began to think about the radical vote he might lose if he signed the Case bill. And so the whole people are still vulnerable to the whims of the labor dictators.

The party itself is feeling the reperussions of its leader's blundering and is busy reassuring the people that the ghost of Roosevelt to carry them through the next campaign.—Edw. C. Uren.

Nearly 10,000 County Voters Are Registered

Registration for the 1946 general election this year totals 9,997 voters, according to figures released by County Clerk R. N. McCormack.

Republicans registered total 4016, Democrats 5607.

The registration figures by districts are as follows:

First District, Nevada City, Selby Flat, Gold Flat, Willow Valley, Democrats 1446, Republicans 1204.

Second District, Alta Hill, Grass Valley, Buena Victa, Cottage Hill, Empire, Forest Springs, Hills Flat: Democrats 3195; Republicans 2247.

Third District, Columbia Hill, Eureka, North Bloomfield, Spaulding, Washington, Democrats 101; Republicans 70.

Fourth District, French Corral, North San Juan, Anthony House, Clear Creek, Indian Springs, Pleasant Ridge and Rough and Ready: Democrats 440; Republicans 293.

Fifth District, Truckee, Soda Springs, You Bet, Democrats 425; Republicans 202.

Other Parties

Other parties in the total registration in the county include: Socialists, six; Prohibitionists seven, Townsend, five; Progressive 3; Socialist Labor six; Communist one and non partison 319.

NOW CAN SEE . . . Totally blind two years ago, Jack Wisnovski, 15, of Verona, Pa., is making up for lost time by sightseeing. It is believed that he is the first person on record of corneal grafts performed on both eyes successfully.

Mrs. Charles Jeffery Honored At Baby Shower

Mrs. Charles Jeffery of Town Talk was honoree at a baby shower party given by Mrs. Ida Guenther of this city and Mrs. Freda Epperson of Bakersfield recently.

The rooms were colrfully decorated with crrysanthemums, roses and gladoli. The table was daintily adorned with pink bachelors buttons and white Michaelmas daisies.

Attending the affair were Mrs. William Jeffery of Town Talk, Adelaide Mill of Napa, Edith Wood of Santa Rosa, Ruth Messina and Claire Trimmer of San Francisco, Nell Head, Berkeley, Lillian Davidson and Audrey Dicoson of Sacramento, Ann Thwhella, Alleghany, Bernice Clemo Grass Valley, Thelma Jackson, Anna Tucker, Ruth Hutchison Rita Hutchison, Eileen Pattenggale and Ruby Ivey of Nevada City.

Report to people waiting for telephone service

. . . Pacific Coast's amazing growth makes job bigger than ever

We are adding equipment and installing telephones just as fast as conditions permit . . . at a faster pace this year, in fact, than ever before.

But continuing shortages of equipment and restrictions on building construction have so far made it impossible for us to keep pace with the Pacific Coast's spectacular growth. Though we have already added more than 253,000 new telephones during the first eight months of this year and every bit of our equipment is working to capacity, there is still a big job ahead. You can be sure we are doing everything we can to get your telephone to you as soon as possible.

Thank you for your understanding and patience.

CALLS FOR EQUAL LAWS FOR LABOR AND MANGEMENT

Declaring that enactment of new labor laws and amendments and equitable administration of some present federal statutes are needed to correct major difficulties now existing in the labor relations field, Asa V. Call president of the California State Chamber of Commerce today announced the state chamber's six point labor management policy.

"If our economy is to survive the rights of the consumer and the public in continuous production and services can not be subordinated in labor management disputes nor in inter union quarrels," Call said.

"The losses sustained are incalculable. Injury to the industry of our country because of the veto of the Case Bill becomes more apparetn every day.

"Legislation must be enacted to return to the courts the power to enforce agreements lawfully made between labor and management and to prevent abuses arising out of their violation.

"The California State Chamber of Commerce will seek to have provisions included in all labor legislation to insure equality before the law for both labor and management."

The state chamber's policies are:

1 Labor and management can only take out of production in the form of wages, salaries and other incomes an amount that is commensurate with the effort they jointly put into production. The walfare of each is dependent upon the other. High incomes for all can only be maintained by high production. Labor, management and the consuming public gain only as the efficiency of production is increased and the resultant cost to the consumer is decreased.

2 Supervisory employees are members of management and should be so recognized.

3 Labor should be protected in its rights by laws which equally protect all citizens. We believe in the equality of all citizens before the law.

4 We are opposed to violence and intimidation on the part of labor or management. The public interest demands the outlawing of mass picketing, secondary boycotts and hot cargo in connection with labor disputes.

5 We believe in union responsibility for its acts, just as we believe in the same responsibility for the employer.

6 We believe that existing legislation such as the Wagner Act should be amended or repealed to give management equality with labor unions in dealing with employees.

Call expressed the belief that revival of the broad legislative aims of the Case Bill seems possible after the November elections — probably early in 1947.

NEW PLASTIC EYE

Perffection of a radically new plastic artificial eye attached permanently to eye muscles so that it moves like a human orb has been reported by Dr. A. D. Ruedemann, chief eye surgeon of the Cleveland Clinic and Fritz Jardon of the American Optical Co., Southbridge, Mass.

Unlike glass eyes, which must be removed daily anw washed, the unbreakable plastic eye is attached to muscles and is never removed.

The fundamental advance in developing an artificial eye capable of moving in coordination with a good eye is founded principally on the use of a metallic mesh covering the back portion of the plastic eye, Dr. Ruedemann said. Mobility is obtained by sewing the eye muscles to the metal, the muscles controlling the movements of the entire eye.

BIRTHDAY PARTY

Mr. and Mrs. Kenneth Maloney gave a dinner in honor of Mrs. C. E. Maloney, mother of Kenneth, on her birthday Sunday, September 29, at their home on Broad Street.

Out of town guests were Mrs. May Rogers of Auburn, Mr. and Mrs. Thomas Ahart and Mr. and Mrs. George Dunlap of Lincoln. Mrs. Maloney was presented with several charming gifts.

Clarence King was the first director of the United State geological survey.

USO To Raise $1,503,160 In California

Organization of county and local committees to carry on the campaign for $1,503,160 as California's share of the $19,000,000 national USO appeal has been virtually completed, it was announced in San Francisco, today by Carl F. Wente, chairman of the California USO compaign committee.

The campaign is officially lated for October and already has begun in some parts of the state but the majority of cities and counties will start their drives next week beginning Oct. 7. In 47 of the 52 major registered community chests USO will be included in the chest appeals.

More than 100,000 volunteers will be calling on their friends and neighbors for contributions to the USO appeal Wente said. "The fact that so many Californians are willing to contribute their time and energy to the USO campaign" he said, "is in itself fine evidence of the fact that California has not forgotten the needs of the men still in service. Our armed forces next year will total around 1,500,000 of which there are more than 150,000 Californians still in service. There are some 35,000 draftees, chiefly boys in their teens who, more perhops than any others, are in need of the Home Amay From Home that only USO can provide. In addition there are thousands still in army, navy and veterans adminis ration hospitals All need the services of USO."

This will be the final USO campaign Wente said. He reported that USO will operate some 425 USO clubs in the United States and overseas next year at the specific request of the war and navy departments and President Truman. In addition USO camp shows will continue to provide entertainment not only for men in camps and on occupation duty, but also in hospitals.

FIVE MILLION BALL PENS MADE IN ONE YEAR

CHICAGO, Oct. 10—Chairman of the Board of the Reynolds Pen Company announced the manufacture of the five millionth ball pen on October 5. This was the anniversary of the making of the first ball pen constructed by the engineer and four assistants in a small store converted into a machine shop.

Today more than 3000 people are engaged in the manufacture of the Reynolds ball pen. More than 100,000 retailers are selling them throughout the United States. They are on sale in every civilized country in the world. There is a manufacturing plant in Canada and assembly plants are being constructed in France and other foreign countries.

Reynolds, an aggressive American business man started the pen company with a capital of $26,000. The profits in one year of actual operation will be over $3,000,000.

The introduction of the new pocket pen has taken the country by storm and more than two million were sold before a single pen was shipped. $574,000 worth of national advertising was contracted for on the Rocket Pen. Most of the advertising planned for the balance of the year and the first of next year will be placed in newspapers. Franklin Lamb, president of the Reynolds Pen Company and formerly associated with the advertising department of R. E. Macy Company in New York said that newspapers produced more direct response than any other form of publicity.

The Jap's home is now his castle, says Gen. MacArthur. With many an American his home is still his air castle.

From where I sit ... *by* Joe Marsh

Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life . . . how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs . . . going with the same nice home-town girls (getting married, some of them, and setting up families) . . . renewing the same old friendships.

Even their amusements are the same. Nothing more exciting than fishing Seward's creek or pitching horseshoes . . . enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance . . . tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

Joe Marsh

GV COUNCIL SEEKS DEPUTY ASSESSOR

The Grass Valley city council has asked that applications for the post of deputy city assesor be received in writing up till 5 p. m. October 15, and all applicants are invited to appear personally before the council on that evening.

The new deputy it was stated, will have the responsibility of completely reassessing all property in the city limits.

The council approved the circulation of a petition for the annexation of southeast Grass Valley and announced its intention of giving the applicants a favorable reply.

Superintendent of Public Works Kenneth Manuel reported that 1000 gallons of road oil had been received and he would be able to complete all streets and that been scarified in preparation for oiling.

UNIVERSITY WOMEN

The Nevada County Association of University Wohen met last night in the community house in Memorial Park, Grass Valley for their harvest jamboree.

A potluck supper was served to which each member contributed. Following the supper District Attorney Ward Sheldon addressed the group on Proposition 3, which is to appear on the November ballot. His talk was followed by square dancing and a social hour.

COMMUNITY CONCERT MEMBERS NOTICE

Members of the Community Concert Association who have not received tickets to tonight's Charles Kullman concert are invited to present their receipts at the box office, where tickets of admission will be given them.

DAUGHTER GUEST OF HONOR

Mrs. John Mlinarich entertained many friends in honor of her daughter Mrs. L. E. Bock, formerly Miss Josephine Johnson, Monday evening October 7, at the home of Mrs. Robert Jenkins at Lake Vera.

Games were the diversion of the evening. The refreshments table was centered by a beautiful birthday cake. Mrs. Rhoda Roberts won first prize at cards.

Someone remarks that with the football season just around the corner many of us again will get the opportunity to see in action some of the best amateur outfits money can buy.—New York World Telegram.

CAMPTONVILLE NEWS

By MRS. T. D. RITTENHOUSE

Camptonville Woman's Club met last Thursday night at the F. W. Williams home. Mrs. Irene Stoop was the hostess. Members voted to provide an additional fire hydrant on the north end of town for fire protection for six new homes that have been recently built or are now under construction.

Plans for publication of a cook book of favorite recipes was also discussed.

Mrs. Mary Jackson returned home from the Community Hospital in Grass Valley Wednesday and continues to regain strength. She will resume teaching in the Camptonville school this week. She was threatened with pneumonia.

Mrs. J. High returned to her home in Modesto after a few days visit with her sister Mrs. Price. Mr. Price is in the Greenville hospital suffering a recurrence of a foot ailment.

Immediate reconstruction plans are underway for the home of Mr. and Mrs. M. G. Calvin, which was destroyed by fire last week. Many old friends in the community subscribed liberally with building supplies, labor and money to speed the building of the new home.

Mr. and Mrs. John Gardner of Sacramento spent last Tuesday night in Camptonville at the home of Mrs Gardner's parents. They expect their new home now under construction to be ready to move into this week.

Mrs. Arthur Hines and children Buddy and Juanita are visiting her mother in Sacramento.

Mr. and Mrs. Ralph Rogers were in Nevada City Thursday. Mrs. Clarence Hanson and Mrs. Lester Brown drove to Nevada City Wednesday.

Mrs. Nelson Stone took her son Nicholas to the doctor Monday for treatment of a cut on his forehead suffered Sunday during a romp in the yard.

Mr. and Mrs. K. Q. Willett and son Frank of Richmond spent the week end at the J. D Rittenhouse home.

Two 80 year old wells are still producing oil in the Pennsylvania field.

G. V. POLICE VALIDATE 15 DEER TAGS

The Grass Valley Police Department reported that last week end 15 deer tags had been validated. The Brabo family of Mill Valley came up with a record rarely excelled. Mrs Mary Brabo shot a three pointer and Tony Brabo a two pointer, both in the vicinity of the Sierra Buttes, and George Brabo killed a forked horn in the Gibraltar Point area.

John and Virgil Crockett of Sacramento each killed forked horns in the vicinity of the Barnegatt Ranch. Other tags validated were those of Alfred H. Plant, a two pointer near Cisco; E. A. Hotchkiss a two pointer at Chicago Park, Earl Briggs, a two pointer at the base of Montezuma Hill, B. Waddelow a two pointer near Purdens Bridge; M. S. Wansell a four pointer near Cottage Hill, Wayne Fordham, a three pointer near the Narrows Dam, R. Orvin a forked horn near Indian Springs, Victor Tamietti a two pointer at Lake Combe, Eden V. Delmere a three pointer near the Sugar Pine reservoir, all of whom are residents of Grass Valley.

MAN DOZES AT WHEEL, CAR CRASHES, BURNS

Fred Trautman, who lives in Washington, was taken to a Grass Valley hospital suffering numerous injuries incurred when he fell asleep Monday night at the wheel of his car and the car ran off the road head-on into a tree.

He crawled from the vehicle and off into brush and was not discovered until Monday morning when Game Warden Earl Hiscox made a search of the immediate vicinity. In the meantime the car caught fire, burned up and set the woods aflame. The State Division of Forestry fire crews Monday morning quickly suppressed it.

George Hammill, highway patrolman investigated the crash. Dr. B. W. Hummelt of Nevada City treated the injured man.

HUMMELT SPEAKS ON HOSPITALS IN CHAMBER TALK

Dr. Bernard W. Hummelt, speaking to the Nevada City Chamber of Commerce Tuesday night stated that one of the community's most serious needs was for more and better hospital facilities.

He invited members to attend the meeting of the Grass Valley Chamber of Commerce, held yesterday at which Dr. J. B. Askew, Chief of the State Bureau of Hospital Surveys, spoke on hospital needs for Nevada County.

Other business taken up at the Chamber of Commerce meeting was a discussion of ways to increase attendance at meetings, and pros and cons of chlorinating the city's water supply.

New members of the Chamber are: Valet Cleaners, Ed Stambaugh, The Food Palace, Durbin and Winn, Don Ritchie and Levi Palmer.

Thomas H. Taylor spoke on the necessity of streamlining Chamber of Commerce meetings. Si Sofge announced the publication in the near future of a booklet boosting Nevada County.

The concensus of opinion on the chamber's immediate need was expressed by Art B. Innis, who presided at the meeting for President H. S. Foreman, when he said that he thought interest in the chamber's activities could best be kept at a high point by concentrating upon one worthwhile project after another.

Among projects taken under consideration were: chlorination of city water, making a park out of the city property where the swimming pool and baseball diamond now are and promoting a new hospital to serve the community.

The chamber in adjourning, stood in silence for a minute in honor to the memory of the three members who had recently died: Alex Jacbos, Alvin Walther and Forrest B. Risley.

NEW HIGH IN VENISON COST $250

John Garrity of Lowell Hill in the western end of the county, arrested by Game Warden Earl Hiscox for having in his possession a slaughtered doe, appeared before Justice of the Peace Charles A. Morehouse Monday morning and on pleading guilty, was fined $250.

At the same time Lee Painter, 16, arrested by Hiscox with another dead doe, was taken before the juvenile court, placed on probation or a year and forbidden to hunt or fish during the year. Both does were taken to the Nevada County Hospital. Both hunters were employees of the Twin Rivers Lumber Company.

Mysterious Cries, Shots, Unexplained

The sheriff's office has been investigating reports of residents in the district along the Colfax Road, that a girl's screams, moans, and the sounds of shots were heard on the hillside above road in the direction of the Empire Mine late Sunday night. Two searches failed to reveal a clue to the cause of the disturbance.

CHRISTIAN SCIENCE CHURCH

Christian Science Society of Nevada City holds services every Sunday in their church 114 Boulder St. at 11 o'clock. Sunday school at 9:45 a. m. A Wednesday evening testimonial meeting is held on the first Wednesday of each month at eight o'clock. Our reading room is now located in the church edifice at 114 Boulder St. and is open Mondays, Wednesdays and Fridays, holiays excepted from 2 to 4 p. m. The public is cordially invited to attend our services and visit the reading room.

"Are sin, disease and death real"? This question is the subject for the Christian Science Lesson Sermon for Sunday, October 13, for which the golden text is taken from Proverbs: "In the way of righteousness is life; and in the pathway there of there is no death."

One of the Bible verses in the sermon is Isaiah 60:1 "Arise shine, for thy light is come and the glory of the Lord is risen upon thee."

A correlative citation in the sermon from "science and health with key to the scriptures" by Mary Baker Eddy reads: "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, disease and death by the power of spirit as Jesus destroyed them.' p. 233.

JAMES TYRREL RETIRES FROM BRET HARTE

James C. Tyrrel, manager and for many years also one of the owners of Bret Harte Inn, announced yesterday that he will retire from the management on November 1st.

In 1943 Bret Harte Inn was purchased by Harry Handlery of Vallejo, who also owns hotel property in Woodland. Tyrrell was continued as manager. He will continue as manager of the Mountain Oil Company of which he is the principal owner. It is expected that Handlery will name a new manager for the inn before November 1st.

Captain Cook discovered the Hawiian Islands in 1788.

FOR VETERANS' WELFARE
VOTE "YES" ON PROPOSITION 2!
The Veterans of Foreign Wars and the Disabled American Veterans urge you to vote "YES" on Proposition 2 on the November ballot.
This measure will legalize greyhound racing in California — under strict State supervision — and turn over 4 per cent of all track wagers to a Veterans' Fund administered by the State Department of Veterans' Affairs.
It will perform a distinct service for California veterans. It will guarantee ADEQUATE FINANCING of State-sponsored welfare and rehabilitation activities, including support of the Veterans' Home at Yountville. It will relieve the taxpayer of the burden of paying for these services; greyhound racing will pay the bill instead.
California veterans ask you to support them in this campaign.
Let's Carry Through - Vote "YES" on 2!

LEE M. DAY and LILA A. DAY, his wife, Plaintiffs.

vs.

CHARLES A. PHILLIPS, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE and SIXTH DOE, Defendants.

The People of the State of California Send Greetings to CHARLES A. PHILLIPS, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and SIXTH DOE, Defendants:

You are Hereby Directed to Appear, and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of Nevada within ten days after the service on you of this Summons—if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as required, the said Plaintiff will take judgement for any money or damages demanded in the Complaint, as arising upon contract, or they will apply to the Court for any other relief in the Complaint.

(SEAL)

Given under my hand and seal of the Superior Court of the State of California in and for the County of Nevada, this 13th day of September, A. D. 1946.

R. N. McCORMACK, Clerk.
By R. E. DEEBLE, Deputy Clerk.
Oct. 3, 10, 17, 24, 31, Nov. 7, 14, 21, 25, Dec. 5.

No. 4633
NOTICE TO CREDITORS
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA

In the Matter of the Estate of BRIDGET STEVENS BOCYE, also known as Bridget Stevens, Deceased.

NOTICE IS HEREBY GIVEN by the undersigned Al Stevens as administrator of the estate of Bridget Stevens Boyce, also known as Bridget Stevens, deceased, to the Creditors of and all persons having claims against the said decedent to file them with the necessary vouchers within six months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California, in and for the County of Nevada, or to exhibit them, with the necessary vouchers within six months after the first publication of this notice to the said administrator at the office of Frank G. Finnegan, Attorney at Law, 207 North Pine Street, Nevada City, California the same being his place of business in all matters connected with the estate of said Bridget Stevens Boyce, alias, Deceased.

Dated October 1, 1946.

Al Stevens, as administrator of the estate of Bridget Stevens Boyce, also known as Bridget Stevens, Deceased.
Frank G. Finnegan, attorney for administrator.
First Publication October 3, 1946.

GOVERNOR URGES BETTER LAWS FOR TRAFFIC SAFETY

SACRAMENTO, Oct. 3—The legal profession was called upon this week by Governor Earl Warren to "transform California as far as highway travel is concerned to a place of reasonbale security for life and limb."

Warren told the annual convention of the State Bar Association at Coronado that "traffic hazards are as great and as dangerous—if not more so—than in most of the states of the Union or any place in the world."

He told the lawyers they cannot be expected to solve the problem alone but declared he believes their profession "can make a valuable contribution" to highway safety.

"Our traffic laws and ordinances must be re-examined in the light of new conditions, our methods of traffic violation detection must be thoroughly checked, our standards of traffic law enforcement must be improved, and our judicial methods and approach must be synchronized with other traffic enforcement agencies" he said.

During the first months of 1946, there were 2099 trafic deaths in California—"an average of nearly nine a day," the governor said. There were 47,612 traffic injuries.

"This terrible and mounting toll—an increase of 30 per cent over the corresponding period of 1945—is one of the greatest concerns of your state government," Warren declared.

"State government cannot successfully meet its responsibility however, without the cooperation of local government, the organized help of every public spirited organization and the backing of an aroused citizenry.

"No citizen is immune from the possibility of tragedy. No citizen is without personal responsibility for its prevention.

"As shocked as we were during the war over the terrible loss of life and limb on the battlefields, we seem to accept all too casually the fact that more people have been killed in our country by automobile accidents than were killed in all the wars we ever fought, and that more people have been permanently injured by the automobile than were injured in both world wars.

"The time for conference has passed—the time for action is at hand.

"There is a place for the state bar in this crusade for safety. I hope you will recognize the urgency of combating death and injury on our highways and that you will find a way in which to make the same kind of valuable contribution in htis field that you have made in other fields of California life."

Nevada City Driver's Car Turns Over

Rounding a corner at what he acknowledged was too much speed, Jack Dwight of Nevada City, was badly bruised and cut when his car skidded and turned over at the corner of Colfax Avenue and Ophir Streets, Grass Valley. He was treated at a Grass Valley hospital.

Anything that reduces the incidence of colds will be a major benefit to mankind.

IN 1910 THE AVERAGE DAY'S WAGE WOULD BUY 22 QUARTS OF MILK!
Today THE AVERAGE DAY'S WAGE WILL BUY 41 QUARTS OF MILK!
There are no higher standards anywhere under which milk is produced and distributed than those of the State of California.
This finer milk is far more economical than that of grandma's day.

Americans Captured Los Angeles In 1846

After his surrender to the Californians Gillespie and his force went aboard the merchantman Vandalia, but delayed their departure as long as possible.

On October 6, 1946, the Savannah carrying Stockton, arrived in San Pedro harbor from San Francisco, to be greeted by hearty cheers from Gillespie's men on the Vandalio. The Savannah at once prepared to land a force and in the dawn of October 7 the Savannah's and Vandalia's forces jointly landed. Commanded by the Savannah's Captain Mervine, they marched to recapture Los Angeles.

Armed with a mounted cannon and commanded by Jose Antonio Carrillo, a force of 120 Californians blocked the march and wreaked havoc on the Americans until the gun's powder was gone. Marvine retreated to San Pedro. This, the battle of Dominguez Rancho, was a clear victory for the Californians, the Americans losing four killed and six wounded, while Carrillo's men suffered no tesualties. The American dead were later buried on Dead Man's Island in San Pedro Bay.

Fremont who had left Los Angeles on September 11 arrived at Yerba Buena October 12 to join Commodore Stockton in the latter's planned march to suppress the California revolutionists at Los Angeles. On October 13 the frigate Congress and merchantman Sterling, carrying Stockton and about 200 men of the California battalion, started out the Golden Gate. Below Monterey the Sterling met the Vandalia and when Fremont learned of Mervine's defeat, he ordered the Sterling to Monterey intending to obtain horses and make an overland invasion of Los Angeles.

With new cars coming on the market owners feeling the pride of ownership and thinking themselves safer in a new car are letting 'er out". Yet speeding, the National Conservation Bureau reports even in a new care is extremely dangerous. In fact speed violations were reported in one out of every three fatal motor vehcile accidents in 1945.

Mr. Truman says Conal is "a dead horse". Well OK, if that's the kind of horse he wants to run on.

The National Conservation Bureau says that last year motor vehicle accidents killed 2550 school age children and injured 140,000. Fourteen per cent of those injured in this nation's motor vehicle accidents were hildren. During the fall months the bureau warns, children will be returning to school and motorists should exercise care in driving through school zones.

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Vets' Hospital Facilities To Be Greatly Enlarged

Reflecting the need for increased hospitalization facilities and the pushing of the Veterans' administration hospital construction program, is the fact that at the beginning of February a total of 17,015 veterans were on the hospital list awaiting entrance and the number was increasing at the rate of approximately 4,000 per month.

As a matter of fact, however, less than 4 per cent of those awaiting treatment had service - connected disabilities, although it is the policy of the administration to provide hospital facilities for all non-service disabilities wherever room is available.

In his effort to provide more hospital space, Gen. Omar Bradley has obtained the use of six army hospitals and in addition, navy has agreed to make available 9,850 beds in navy hospitals. The army has agreed to supply up to 10,000 beds if they can obtain the necessary personnel to service them.

Maj. Gen. Paul R. Hawley, who recently resigned from the army to take over full charge of the veterans' medical and surgical division, asserts that more than 13,000 veterans discharged from the service have their hearing affected and have gone through rehabilitation programs. He estimated that in the next 20 years there would be from 200,000 to 400,000 hard-of-hearing veterans as a result of war service.

Questions and Answers

Q. My son was in the army for 3 years, overseas 18 months. Before going, he took out an allotment for my three children, but I never received it. He also sent $30 to me out of his check, but I didn't know it at the time, thinking it was the allotment to the children. When he came home, he told me I was not receiving the allotment. I would like to know if I can still get it.—Mrs. L. R. S., Wasola, Mo.

A. The army says that if the allotment was actually deducted from your son's pay he is entitled to a refund of the amount deducted. Write to the Office of Dependency Benefits, U. S. Army, Newark 2, N J., giving all details, son's full name and serial number.

Q. I am a veteran of this war and was wounded November 19, 1944, and since have been unable to do much of anything. I got discharged two weeks ago and decided I had to have money so I went up to see about getting a G. I. loan. They told me the only things you could get a loan on was to buy a home or a business. Now I have been misled, for I thought I could get a loan on anything my local banker would let me have the money on, so I am stuck. I want to buy a tractor and equipment so I can farm, also build on my house I already have paid for. Now how can I do it?—E. T. M., Arlington, Kan.

A. The G.I. law provides you may obtain money for both these purposes, either a tractor for furthering your business of farming or to repair, remodel or make alterations to your home. The law also provides, however, that you must first obtain a lender who will make the loan and that the lender is the judge of whether or not you are a good risk. Would suggest you obtain from your nearest veterans' administration a list of approved lenders in your town and seek out one who will agree to make the loan.

Q. I have sugar diabetes 100 per cent. Was inducted before the war and spent three months and was discharged in January after war was declared. They sent me to the veterans' facilities for application for compensation, but they turned me down, said the fact was on my induction papers. I appealed to Washington and was turned down there. Please tell me how I can get some help from the government. —L. W., Poplarville, Miss.

A. I am afraid there is nothing you can do since your disability was evident when you were inducted, unless you can present evidence it was aggravated by your short service, or that you have some other disability.

Q. I would like some information regarding the whereabouts of my brothers. One is with the 600th Port. company, APO 562. The other with the 54th Reif. Bn. APO 772. Could you tell me where they are located and if they may be home soon?—Mrs. G. R. R., Arcadia, Calif.

A. The 600th Port. company arrived in New York last August and the 54th Rein. Bn. was inactivated in France on November 4, 1945. If they have not arrived home, they may have been transferred to other units.

Funeral Services For Edgar W. Clemo.

Graveside services under direction of Holmes Funeral Home were held Thursday morning, October 10, at Pine Grove Cemetery for Edgar W. Clemo who died Monday in Compton, Los Angeles County.

Clemo was a native o Gold Flat adjoining this city, where he was born 75 ears ago. He had lived for a number of years in Oroville and moved to Southern California for health reasons.

Surviving are his wife in Droville, his mother, Mrs. Esther Clemo of Nevada City and a daughter, Mrs. Harry Truner of Compton.

OIL FOR COLDS

We note that the Army is experimenting with a new light-oil solutino for spraying blankets and bed clothes in the hope that it will reduce respiratory diseases, colds, flu and the like.

Let's hope that these tests turn out to be a great success. The common cold causes more misery, costs more money in days lost, and upsets things generally more than all the more dreaded diseases combined.

Nearly one half of Oregon's 60 million acres is forest.

JURY ABSOLVES RIDING PARTY IN SOLARO DEATH

The death of Melio Emilo Solaro, 35, who was killed on the lower Grass Valley road at 7 p. m. Sunday, September 15, was described Tuesday night in the coroner's jury verdict as caused by "multiple wounds of lungs caused by crushing of ribs and chest cavity; no culpability involved."

The verdict absolved members of the horseback riding party, of which Solaro was a participant, of blame. The fatal accident occurred when Solaro's horse bucked, throwing him under the wheels of a model "A" Ford ton and a half truck driven by William Chappell, Gold Flat resident.

Coroner Alvah H. Hooper and District Attorney Ward Sheldon conducted the questioning. The coroner's jury consisted of: Don R. Ritchie, Foreman, L. M. Jayne, Byron Landrigan, H. C. Foote, O. A. Daniels, T. A. Moyle, Ole Antonsen, Billy E. Usrey.

William Chappell testified he had been with the group on the all day horseback expedition. He was with them when they departed from Bud Braunlich's Town Talk service station and started for Nevada City on the lower road.

When Melio Solaro's horse bucked and threw him, Chappell jerked the wheel of his car, but his right rear wheel ran over Solaro. Dr. Bernard W. Hummelt who performed the autopsy described the fatal injuries and stated that there were "marks on the right arm whhich resembled tread marks from tires printed into the skin which were "diamond' tread shaped."

James Peard, Danny Crawford and Fred Zonnacco, members of the riding party related the days itinerary. The seven riders met at Pioneers Park, went to the Old Brewery Cafe and thence to Town Talk.

Peard related passing Solaro and upon hearing a groan, returning to find him lying on the ground. Officer Lorris Richards of the California Highway Patrol, who was called to investigate the accident at 9:30 p. m. corroborated Chappell's testimony.

RICHARDSON ESTATE GETS APPRAISER

Following a suit filed by Thomas H. Kuchel, state controller against Florence Ward Sheffield, asking that an appraiser be appointed to appraise the estate of Mrs. Sarah H. Richardson who died on June 14 last, C. B. White was named by the court to that post.

Kuchel's suit charges that the decedent, prior to her death deeded certain real estate in Truckee, to Florence Ward Sheffield without any consideration and gave her joint tenancy in a checking account in the Crocker National Bank of San Francisco in a stock certificate for 30 shares of American Telephone Francisco, in a stock certificate for 3300 shares of the Richardson Bros. Company of Truckee, and in promissory notes for $8000 and $4000 respectively.

The complaint alleges that said transfers were made by decedent in contemplation of death and to avoid the passing of said property by will or the laws of succession and were made without valuable consideration and that the value of the property was in excess of exemptions permitted by law.

LEGION AND VFW AGREE ON AWARD FOR AMERICANISM

An agreement has been reached between Nevada County's two Veteran's organizations, the American Legion and the Veterans of Foreign Wars that in the annual Americanism award that the Legion will represent Grass Valley and the VFW Nevada City.

The Award of Merit is made at graduation exercises in June in each high school to the student making the outstanding contribution to good citizenship and Americanism during his or her senior year. One of the primary objectives of the Legion and the VFW is community welfare and the Award of Merit is eagerly sought in open student competition.

STARS FALL ON TWIN CITIES

Stars shot over Nevavda City and Grass Valley last night, too. In spite of a bright moon a huge scale 4th of July fireworks display was enjoyed by hundreds locally.

The show was put on by the Comet Giacobini-Zinner and is caused by the comet growing old as the centuries go by. As age sets in particles ranging in size from scecks of dust to clumps of iron and stone as big as a house break away and are strewn along the comet's path.

About every six years the weary old comet gets pretty close to Mother Earth. Last night Giacobini-Zinner was only 131,000 miles away—the distance from Broad to Commercial as astronomical mileage is measured.

As darkness fell over the city last night the telephone exchange had a busier than usual hour as friends phoned friends suggesting they look to the heavens for a seldom seen meteor display.

American oil companies printed 150 million road maps for this summer's touring vacationists.

E. B. DUDLEY, NEVADA COUNTY LEADER, PASSES

The death Monday night in Sacramento of E. B. "Brownie" Dudley, 69, former Nevada County Supervisor from the 3rd Supervisorial District, former County Welfare Officer and member of a prominent and pioneer Nevada City and Columbia Hill family is mourned by many friends in that community.

The son of Mr. and Mrs. Joseph Dudley, pioneer Columbia Hill residents, he was born in Columbia Hill and lived in Columbia Hill, North Bloomfield and Nevada City until four years ago when he moved to Sacramento.

He married Eliza Curnow of Columbia Hill and the couple were blessed with their three children, Lloyd, Marian and Verda.

For many years he was postmaster and operated the Mobley store in North Bloomfield until he became supervisors from the 3rd district which he held for four terms, or 16 years.

After his resignation as member of the Board of Supervisors, he was appointed County Welfare Officer, a post he held until 1942 when he resigned and went to Sacramento where he had been working with the U. S. Postal Department until recent months when ill health forced his retirement.

He was well known throughout the county, always taking an active part in civic activities and being an accomplished musician as well.

He was a member of Nevada City Lodge No. 518, P. P. O. Elks, and in earlier years took an active part in that order. Besides his wife, Eliza Dudley, also of Sacramento, he leaves a son, Lloyd Dudley, Loomis; and two daughters, Mrs. Morris Kemster, Sacramento; and Mrs. James Lasconia, Sacramento. Two grandchildren are bereaved.

Funeral Thursday

Funeral services took place this morning at the George L. Klumn Funeral Chapel on O Street, Sacramento. The services were conducted by the Elks' lodge.

Ruth Mickelson Honored At Pre-Nuptial Shower

Miss Ruth Mickelson of Grass Valley who will soon wed Charles Brown was guest of honor at a miscellaneous shower given her by Mrs. Louis LeDuc and Miss Barbara Bertoncini as joint hostesses.

A bridal cake bearing the inscription, Ruth and Charles, centered the table on which were many charming gifts for the bride to be.

Attending the party were Everil Clemo, Doris Breckenridgge, Betty Fuller, Vivian Keeler, Nell Asnicar, Verl Painter, Mabel Cryer, Ger Painter, Ida Whiting, Lorraine Alpers, Mae Manley, Florence Constantine, Mrs. George Trezise, Louise Ducotey, Mrs. Dorothy Adams, Virginia Berolda, Mrs. George Bertoncini, Betty Martin, Barbara Bertoncini, Virginia Berolda, Marie LeDuc, Nell Mickelson, Mrs. Joe Constantine, Juanita Butner, Mrs. Chas. Brown, Verl Sproul, Lorraine Berdot, Ronuie LeDuc, Faye Dreith and Ruth Mickelson.

(Political Advertisement)

"For Jimmie and me Vote 'YES' on 3!"

Proposition 3 will relieve the teacher famine in California by guaranteeing public school teachers a minimum salary of $2400 a year. *Local taxes will not be increased by this measure. State funds are available for this purpose.*

Two hundred California organizations, including the following, urge you to vote "YES" on 3—Republican and Democratic Parties, American Legion, Veterans of Foreign Wars, Disabled American Veterans, AFL, CIO, Native Daughters and Native Sons, and P-TA.

And remember—when you vote "Yes" on 3, be sure to vote "No" on 13, which would further reduce present inadequate school appropriations.

Vote "YES" on 3!
